Skills

- **Languages:** Dart, Python, Java, C++
- **Frameworks:** Flutter, WinForms
- **Backend & Databases:** Firebase, Supabase, MySQL, Sqflite
- **Tools:** Git, GitHub, Android Studio, VS Code

Experience

MUET Alumni Development Cell   Jamshoro, Pakistan
Mobile App Development Intern   *Jan 2024 – Mar 2024*

- Collaborated in a team to design and engineer a comprehensive mobile application for alumni, students, and faculty.
- Developed a scalable UI with reusable design components to ensure consistency and accelerate development.
- Implemented Firebase for secure user authentication and data storage across three distinct user panels (admin, student, faculty).

Flutter, Dart, Firebase, Git

PakInsights – NIC   Jamshoro, Pakistan
Mobile App Developer   *Oct 2023 – Dec 2023*

- Developed a business-focused mobile app to digitalize Pakistan's tourism sector, meeting key client objectives.
- Integrated and configured Supabase as the primary backend, enabling real-time data tracking and efficient database management.
- Resolved critical UI bugs and optimized the interface for responsiveness across various mobile screen sizes.

Flutter, Dart, Supabase, Git

Archroma   Jamshoro, Pakistan
IT Intern   *Dec 2022 – Jan 2023*

- Assisted IT staff with the configuration and maintenance of crucial network hardware (routers, switches, access points).
- Gained a strong understanding of workplace IT policies, compliance, and professional documentation.

Education

Mehran University of Engineering and Technology   Jamshoro, Pakistan
BE, Computer System Engineering   *2021 – Present*
CGPA: 3.4/4.0

Projects

Expense Planner App
A modern responsive personal finance tracking app with GetX state management and local storage.

MCQ Testing System
A desktop application to ease test assessments and dynamic test creation, using WinForms, .NET, C++, and Data Structures.

More projects available on Portfolio.

Leadership & Community Involvement

- **Core Team Member, Google Developer Student Club (GDSC):** Collaborated to organize campus-wide tech events to boost student engagement and skill development.
- **Event Organizer, Association of Computing Machinery (ACM):** Played a key role in planning major university conferences and technical events.
- **Speaker, Flutter 101 Workshop:** Conducted a beginner-friendly session on Flutter and Dart, guiding students in building their first application.
